FORRÓ ON VINYL FROM BRAZIL

Brazilian forró culture, told through vinyl.

SÃO PAULO, BRAZIL • @DJCABOCLOSP

A VINYL DJ, CURATOR AND PRODUCER

DJ Caboclo is a Brazilian vinyl DJ, curator and producer based in São Paulo, dedicated exclusively to forró and the musical traditions of Northeastern Brazil.

His work is built through physical records, musical research and a deep understanding of the dance floor. His collection spans recordings from the 1950s to the 1990s.

More than playing records, he creates a musical journey - building rhythm, atmosphere and connection while keeping the collective spirit of Brazilian forró alive.

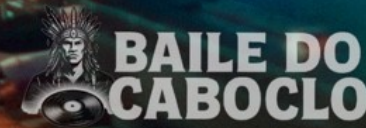

THE SOUND

FORRÓ ACROSS FIVE DECADES

1950s - 1990s

Sets are played exclusively from physical records and move through the many rhythms that shaped forró culture.

Each journey is built live, record by record, according to the energy of the audience. Vinyl is not a nostalgic accessory - it is the foundation of DJ Caboclo's research, sound and artistic identity.

AUTHORIAL PROJECT

BAILE DO CABOCLO

100% VINYL

An authorial meeting point between musical research, vinyl culture and the Brazilian forró dance floor.

Built entirely around records from the 1950s to the 1990s, the project brings generations, rhythms and voices together in a deeply dance-oriented experience.

WEEK AFTER WEEK

FORRÓ NO BRONX

A weekly event in São Paulo dedicated to the many expressions of forró culture.

Maintaining a weekly dance requires consistency, artistic direction, audience development and the ability to build a living community around the music.

Through musical curation and guest DJs, Forró no Bronx connects dancers, collectors, artists and new audiences - while strengthening DJ Caboclo's ability to read different crowds and sustain the floor throughout the night.

FESTIVAL

QUEBRA CABEÇA

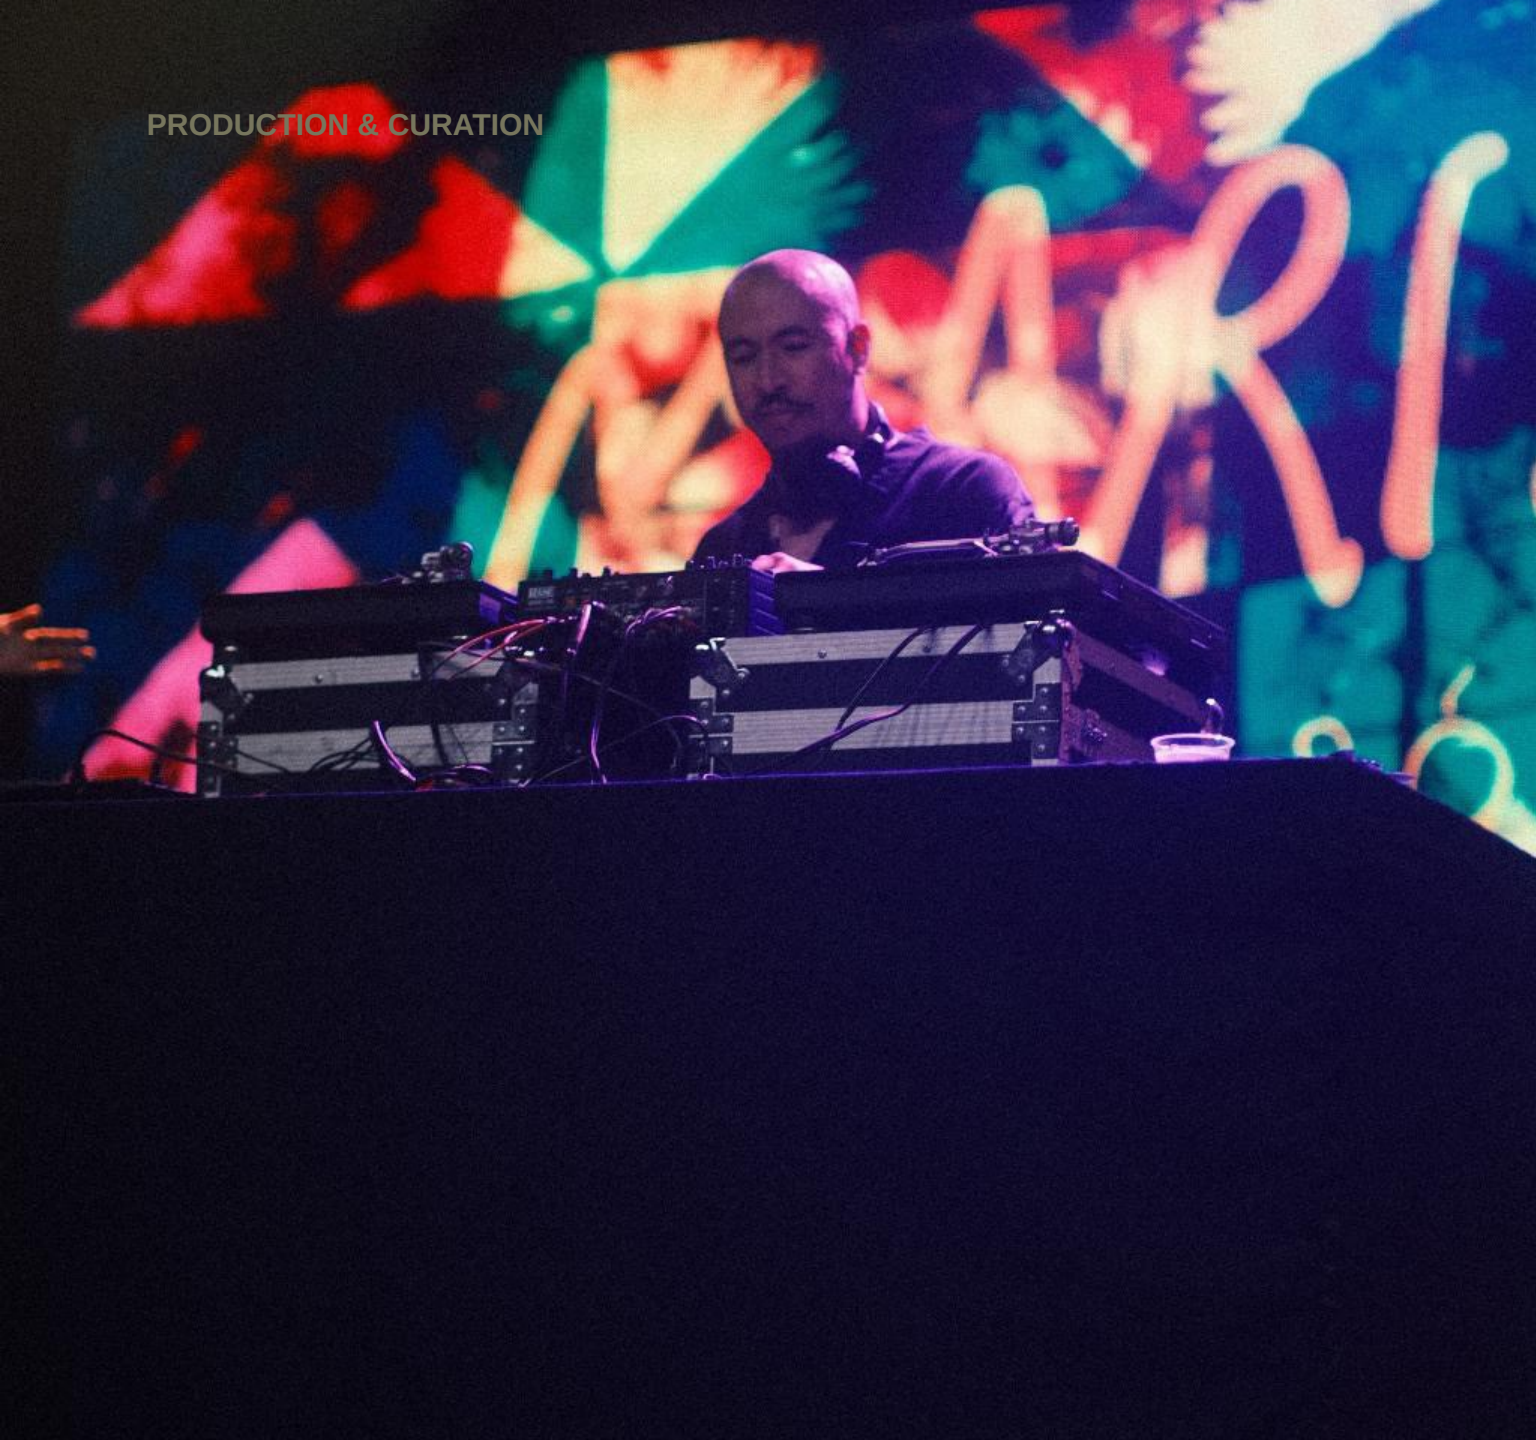

3 DAYS • 27 HOURS

Held in São Paulo from November 15 to 17, 2025, the festival combined live bands, 100% vinyl DJ sets and dance workshops.

The lineup included DJs active across Europe and a guest from Germany. Baile do Caboclo took part in the production, connecting DJ Caboclo's research and dance-floor experience with an international network.

The project shows his work beyond the booth: concept, artist curation and cultural production.
